Monday was a sunny, windy day, and the
track Tuesday was in very good condition,
though a trifle heavy. The weather,
however, was all that could have
been desired, and continued pleasant however, was all that could have been desired, and continued pleasan Wednesday and vesterday. The execrable

> weather of last week kept hundreds away, and on account of the postponement the prepared to spend a week went home, so that the sunshine of the last three days went tor very little. There were a large number of horses entered for the races, and taking everything together the sport was very good. The purses were large to enter, and the rulings of the judges were generally accepted as correct. As to the attendance, it was, for the reasons already mentioned, very light. Probably the largest number attended on Tuesday, when about 1500 were present. Thursday and Friday the crowd was somewhat less, and vesterday smaller than on any preceding day. One of the most attractive features of last week was a tally-ho coach, drawn by four horses, which was brought here from Louisville especially for the races by President Montgomery. The Memphis and Charleston railroad ran trains regularly, furnishing ample accommodati

that passengers on the last trip back were turned loose in the freight-yard to find their way out as best they could. Superintendent Semmes, of the Street Railway Company, proved himself fully equal to the emergency, and his promptitude in having cars, and plenty of them, day to Lucius Mitchell and Carrie Parker,

THE WATER SUPPLY

enssed Before the Legislative Council. and the President Instructed to

Meeting of Representative Citizens to Take Action in the Matter-Mr.

The Legislative Council met at 3:30 o'clock yesterday afternoon, at the court-house, with the following members present: President Hadden, M. Burke, James Lee, jr., M. Gavin and A. S. Livermore.

The minutes of the previous meeting were read and approved. were read and approved. THE WATER SUPPLY. The following communication from President Latham, of the Water Company, was read by the secretary.

of Shelby County, Tenn.:

The recent disastrons fires, notwith-standing the abundant supply of water, having excited some apprehension as to the efficiency of contract of the the efficiency of our pumping engines, and the Legislative Council having required us to materially extend our mains, the Water Company would respectfully sub-mit to the Council the following communication: Our pumps have a joint capacity of 7,000,000 or 8,000,000 gallons daily; the old pumps, which have been thoroughly repaired, about 3,000,000, and the Blake's 2,000,000—a total of about 12,000,000 daily. Memphis cannot, at present, legitimately use more than 2,000,000 or 2,500,000 daily, but she is using and wasting 6,000,000.
Through the entire night we pump two-thirds as much water as through the day.
Of course, four-fifths of this is waste, and it continues during the day. It is quite easy to waste ten or even a hundred times

more water than is necessary for legitin use. Hundreds of closets which cost only \$5 per year, or a cent and a half per day, use \$100 worth of water, at meter rates, per annum. With this criminal waste, should all our new pumps become disabled simultaneously, the remaining pumps could, in case of fire, supply the cisterns could, in case of fire, supply the cisterns if properly connected with our mains, but could give little or no pressure for any purpose whatever. This margin is daugerously narrow, and in June I visited St. Louis and examined their new engines, soon to be in operation, and from there was called home by the violent agitation in behalf of a Mississippi river supply, which culminated in filing the second bill for a forfeiture of our charter. That the public might know the situation, I there-

upon published in the Avalanche the fol-lowing warning: "Increasing consumption and alarming waste indicate that within two years there should be another set of water mains. The latter is now need South Memphis and Fort Pickering. on August 15th, I addressed the attoconducting one of the suits against It has been a bed week for them.

The Applegate stable will be taken back to Louisville to remain until next season.

Satisfaction as tollows:

continued the work. It is now in to Vance street, at a cost, with the laterals, of Morris & Patton, owners of Apollo, Fellowplay, Zamora and others, go hence to New Orleans.

In the made while providing new machinery and mains? It probably can. One million dollars, and not less, might fur-

To the Citizens' Committee I pro--and am still ready-to co-operate with them, and follow where they may lead. Where was Apollo, and Lida Stanhope, and Fellowplay, and Princess too? Where were they? Bringing up the rear. buying the present plant at actual value, and using the remainder of the money in the change. It can be done if the people Judge Duling ought to be where his so will it. I offer to be one of the namesake has been in the habit of putting annesake has been in the habit of putting of fifty, to subscribe half the amount, or one of fifty, to subscribe half the amount, or one of fifty, to subscribe half the amount, or one of fifty, to subscribe half the amount, or one of fifty, to subscribe half the amount, or one of fifty, to subscribe half the amount, or one of fifty, to subscribe half the amount, or one of fifty, to subscribe half the amount, or one of fifty, to subscribe half the amount, or one of fifty and the fifty of the fifty and the fifty of the fifty and the fifty of the fifty leaving all the other citizens to subscribe the other half; or will co-operate in any similar arrangement. Or if all the citi-R. C. Pate leaves for St. Louis to-night with his stable of sixteen horses. He is the owner of Mammonist, who started three times, winning twice and coming in

whole amount? Should none of these gestions prove satisfactory, and nothing due regard for the city's safety, r that every obstacle be removed an city of its present supply, to seriously con

why delay? If there are those who can demonstrate the feasibility of a supply from the Mississippi river, they owe it to this community to do so, and the Water Company will pay the expense of such a report, sustained by a subscription suffi-cient to carry it into effect. If they cannot, then let them frankly confess it, as we have done, and instead of opposing sustain us, not alone in providing inc quantity and pressure, but in reefforts to clear our present supply. The warnings through the press and the attor-neys having passed unheeded, I beg to present them to the Council, in the hope t may lead to something decisive. Sh

disregard to every admonition bring upon us devouring flames beyond the present limits of our mains, or pestilence bred in obstructed sewers, the people will know who is not censurable.

1. J. LATHAM. MEMPRIS, TENN., November 1, 1883. After some discussion, participated i by the members of the Council and Pres dent Lathars, the communication was ceived, filed and recommended to the c sideration of the members.

Mr. M. Gavin moved that the President of the Taxing-District issue a call for a meeting of 200 to 300 representative cit zens to consider the question of the watsupply, and take measures looking to the improvement of the same.

The motion prevailed, after debate, and President Hadden announced that he would issue the call for the meeting some

would issue the care and notify all persons whose presence is desired by mail of the MOVED The following petitions were brought Petition of John K. Speed & Co., Louis Hanauer, John D. Milburn, A. Karr, Schoolfield, Hanauer & Co. and Hugh A. Hamilton, to be allowed to put in a switch at Jefferson street and to lay down a track, which is to run north from said switch from Jefferson street up to Prome-nade street and along Promenade street in ivermore, Gavin and the engineer. Petition of the Hanauer Oil Works to be allowed to erect a small elevated ori hull conveyor for the former company.
Granted so long as it does not interfere with the rights of others, or at the pleasure of the Council.

Petition from the Kansas City road ask-

Petition from the Kansas City road asking to be relieved from paving Sixth street, from Georgia to Butler, as required by their charter, and to substitute therefor Calboun street, between Tennessee and Sixth. Referred to Messrs. Gavin, Lee and Livermore.

Petition from citizens on Poplar street asking that the sidewalks on the north side af that street, near the turn-table, be put in proper repair. Property-owners ordered Pelition from citizens on Humphrey street, east o Vance, asking to have the sidewalks repaired. Property-owners ordered to lay sidewalks in thirty days.

Petition of J. W. Alley for a reduction retition of J. W. Aley for a reduction of his wharfage from \$5 to \$2.50 per day. Referred to the District attorney.

Petition for the opening of the alleys between Wellington and Ruth streets for public pussways. Referred to the engineer.

Petition for the overland of the alleys.

Two lengthy petitions in regard to the fire-alarm box at the Greenlaw Operahouse were referred to the chief of the Fire De-

ORDINANCE. The following ordinance passed first Be it ordained by the Legislative Council. That section 165a. p. 116. II Digest of Ordinances, be and the same is hereby amended by Inserting after the words Taxing-District in the third and fourth lines thereof the following words, "or any building where manufactures, dressmaking, mil

[This is the ordinance in reference to fire-escapes, and, in effect, provides that the same be put in all buildings as above described.] UNION STREET PAVENENT. President Hadden stated that when Union street was to be paved, the Rev. Samuel Watson, M. L. Meacham and John A. Denie personally guaranteed \$4000 for the work. Thirty-six hundred dollars of this amount had been collected, leaving a balance due of \$400. He asked for instructions in the matter. The matter was referred to the District attorney, with power to act, and action will be taken to collect the same by law.

MIGHT BE SANSCRIT. Bill in the United States Court Which

Cannot Be Deciphered. A new feature was developed vesterday in the case of W. B. Waldran, administra-tor, vs. R. F. Looney, et al., the papers in which were filed in the United States Court several days ago, by the following notice being served upon the attorneys for the plaintiff. It is a new thing in practice, and explains itself:

MEMPHIS, TENN., October 31, 1883, To Messre, Clapp & Beard: You will take notice that on Saturday You will take notice that on Saturday, November 3d, that motion will be made in the United States Circuit Court for the District of West Tennessee, before the Hon. Judge Hammond, to have the bill in the case of John D. Waldran, administrator, vs. R. F. Looney et al., stricken from the file, under rule 10 of the court, which rule is as follows: "When a bill is filed on the chancery side of this court in such Respectfully, MORGAN & MCFARLAND.
